FRESHMAN ASSESSMENT AND PLACEMENT STANDARDS

§135-21-1. General.

1.1. Scope. - This policy establishes freshman assessment and placement standards for institutions in assignment to initial credit-bearing courses in mathematics and English.

1.2. Authority. - W. Va. Code §18B-2B-6.

1.3. Filing Date. - October 29, 2010.

1.4. Effective Date. -- November 29, 2010.

§135-21-2. Policy.

2.1. The policy, *Freshman Assessment and Placement Standards*, for students in West Virginia public colleges and universities was developed to assure the integrity of associate and baccalaureate degrees, to increase the retention and graduation rates of students, and to encourage high school students to improve their academic preparation for college. The standards for freshman assessment and placement are designed to establish uniform procedures for the placement of students in credit-bearing courses in mathematics and English which can be applied toward an undergraduate academic degree.

§135-21-3. Definitions.

3.1. Developmental Education.

Developmental education programs and services commonly address academic preparedness, diagnostic assessment and placements, development of general and discipline-specific learning strategies, and affective barriers to learning. Developmental courses are “pre-college” courses and do not count toward a baccalaureate degree, an A.A. degree, an A.S. degree, or an A.A.S. degree.

Developmental education includes, but is not limited to all forms of learning assistance, such as tutoring, mentoring, and supplemental instruction; personal, academic, and career counseling; academic advisement; and coursework.

3.2. Stretch Courses.

Stretch courses are credit-bearing courses that extend over one or two semesters, to give more time to those students who may need additional experience in college-level mathematics or writing. Stretch courses are designed for English or math students who are capable, but who might need more time. Course materials are the same as those in the traditional course, but additional activities, tutorials, etc. are provided in an extended delivery format.

§135-21-4. Mathematics.

4.1. Students may not enroll at any two-year or four-year institution in West Virginia public colleges and universities in a mathematics course which is designed to be applied toward a baccalaureate degree,

an associate of arts (A.A.) degree, an associate of science (A.S.), an associate of applied science (A.A.S.) degree at a four-year college or university or an A.A., A.S. or A.A.S. degree at a community college unless the minimum score prescribed below is earned on one of the following tests:

4.1.a. A score of 19 on the mathematics section of the American College Testing Program's ACT Assessment Test.

4.1.b. A score of 460 on the quantitative portion of the College Board's Scholastic Assessment (SAT-1).

4.1.c. A scaled score of 40 on the numerical test *and* 38 on the elementary algebra test of the American College Testing Program's Assessment of Skills for Successful Entry and Transfer (ASSET).

4.1.e. A scaled score of 85 on the arithmetic test and 84 on the elementary algebra test of the College Board's ACCUPLACER Testing System.

4.1.f. Nationally-normed test scores, such as the Mathematical Association of America Basic Algebra test, with Chancellor's approval.

4.2. Students not meeting this standard must successfully complete a program or programs in developmental (pre-college level) mathematics in order to be placed in mathematics courses which count toward a baccalaureate degree, an A.A. degree, an A.S. degree, or an A.A.S. degree. Institutions may require students who do not meet the standard to complete such courses at another institution or design equivalent coursework, such as stretch courses, or programs with approval of the Council Chancellor, as a pre-requisite to freshman placement.

4.3. A transfer student who has successfully completed the developmental course or its equivalent may enroll in a credit-bearing course in mathematics or transfer to another West Virginia state college or university and shall be deemed to have met the placement standard at the receiving institution and shall not be required to enroll in a developmental course or its equivalent at a West Virginia state college or university in mathematics. The assessment measure and score by which the student met the placement standard in mathematics shall be recorded on the student's transcript.

§135-21-5. English Composition.

5.1. Students may not enroll at any two-year or four-year institution in West Virginia public colleges and universities in an English composition course which is designed to be applied toward a baccalaureate degree, an A.A. degree, an A.S. degree, or an A.A.S. degree at a four-year college or university or an A.A., A.S. or A.A.S. degree at a community college unless the minimum score prescribed below is earned on one of the following tests:

Institutions may require students who do not meet the standard to complete such courses at another institution or design equivalent coursework, such as stretch courses, or programs with approval of the Council Chancellor as a pre-requisite to freshman placement.

5.3. A transfer student who has successfully completed the developmental course or its equivalent may enroll in a credit-bearing course in English or transfer to another West Virginia state college or university and shall be deemed to have met the placement standard at the receiving institution and shall not be required to enroll in a developmental course or its equivalent at a West Virginia state college or university in English. The assessment measure and score by which the student met the placement standard in English shall be recorded on the student's transcript.
