Bringing Down the House Ben Mezrich, 2002-12-02 The #1 national bestseller, now a major motion picture, 21—the amazing inside story about a gambling ring of M.I.T. students who beat the system in Vegas—and lived to tell how. Robin Hood meets the Rat Pack when the best and the brightest of M.I.T.'s math students and engineers take up blackjack under the guidance of an eccentric mastermind. Their small blackjack club develops from an experiment in counting cards on M.I.T.'s campus into a ring of card savants with a system for playing large and winning big. In less than two years they take some of the world's most sophisticated casinos for more than three million dollars. But their success also brings with it the formidable ire of casino owners and launches them into the seedy underworld of corporate Vegas with its private investigators and other violent heavies.

Box 21 Anders Roslund, Borge Hellstrom, 2009-10-13 The International Thriller that Stockholm City hailed as the Best Crime Novel of the Year has finally crossed the Atlantic! Three years ago, Lydia and Alena were two hopeful girls from Lithuania. Now they are sex slaves, lured to Sweden with the promise of better jobs and then trapped in a Stockholm brothel, forced to repay their debt. Suddenly they are given an unexpected chance at freedom, and with it the opportunity to take revenge on their enslavers and reclaim the lives and dignity they once had. What will happen now that the tables are turned and the victims fight back? In this masterful thriller, the celebrated team of Anders Roslund and Börge Hellström delve into the seedy underbelly of Stockholm. There we meet Lydia and Alena as they embark on a desperate plan to expose their captor and demand justice; police officers Sundkvist and Grens, on the trail of both Lydia's enslavers and Jochum Lang, a notorious mob enforcer; and Hilding Oldéus, a junkie on what might be his last—and most destructive—bender. At the Söder Hospital, their destinies begin to converge in unexpected and explosive ways. Box 21 is a Scandinavian thriller of the highest order: a mindblowing psychological drama written with powerful intensity. When it was published in Sweden, Solo called it suspenseful, gripping, and intelligently written . . . Almost impossible to put down, while SVT exclaimed: Forget crime literature; this is, simply put, great literature!

21 Lessons for the 21st Century Yuval Noah Harari, 2019-01-29 #1 NEW YORK TIMES BESTSELLER • In *Sapiens*, he explored our past. In *Homo Deus*, he looked to our future. Now, one of the most innovative thinkers on the planet turns to the present to make sense of today's most pressing issues. "Fascinating . . . a crucial global conversation about how to take on

the problems of the twenty-first century.”—Bill Gates, The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FINANCIAL TIMES AND PAMELA PAUL, KQED How do computers and robots change the meaning of being human? How do we deal with the epidemic of fake news? Are nations and religions still relevant? What should we teach our children? Yuval Noah Harari’s 21 Lessons for the 21st Century is a probing and visionary investigation into today’s most urgent issues as we move into the uncharted territory of the future. As technology advances faster than our understanding of it, hacking becomes a tactic of war, and the world feels more polarized than ever, Harari addresses the challenge of navigating life in the face of constant and disorienting change and raises the important questions we need to ask ourselves in order to survive. In twenty-one accessible chapters that are both provocative and profound, Harari builds on the ideas explored in his previous books, untangling political, technological, social, and existential issues and offering advice on how to prepare for a very different future from the world we now live in: How can we retain freedom of choice when Big Data is watching us? What will the future workforce look like, and how should we ready ourselves for it? How should we deal with the threat of terrorism? Why is liberal democracy in crisis? Harari’s unique ability to make sense of where we have come from and where we are going has captured the imaginations of millions of readers. Here he invites us to consider values, meaning, and personal engagement in a world full of noise and uncertainty. When we are deluged with irrelevant information, clarity is power. Presenting complex contemporary challenges clearly and accessibly, 21 Lessons for the 21st Century is essential reading. “If there were such a thing as a required instruction manual for politicians and thought leaders, Israeli historian Yuval Noah Harari’s 21 Lessons for the 21st Century would deserve serious consideration. In this collection of provocative essays, Harari . . . tackles a daunting array of issues, endeavoring to answer a persistent question: ‘What is happening in the world today, and what is the deep meaning of these events?’”—BookPage (top pick)

Notations 21 Theresa Sauer, 2009 Drawing inspiration from John Cage's, *Notations*, *Notations 21* features illustrated musical scores from more than 100 international composers, all of whom are making amazing breakthroughs in the art of notation. These spectacularly beautiful and fascinatingly creative visual pieces not only make for exciting music, but inspiring visual art as well. The scores are accompanied by written contributions from the artists that explore every facet of their creative processes, from inspiration to execution. Contributors include the likes of Karlheinz Stockhausen, Earle Brown, Halim El-Dabh, Joan La Barbara, and Yuji Takahashi, as well as emerging composers whose compositions are also visually astounding and important. In the spirit of honoring the 40th anniversary of Cage's seminal book, while furthering it in a 21st century context, a portion of the sales will be donated to the Foundation for Contemporary Performing Arts.

Agenda 21: Into the Shadows Glenn Beck, 2015-01-06 The sequel to *Agenda 21*—which Brad Thor called “a brilliantly written, exhilarating, pulse-pounding adventure”—from #1 New York Times bestselling author and nationally syndicated radio host Glenn Beck. It was once named America, but now it is just “the Republic.” Following the worldwide

implementation of a UN-led program called Agenda 21, the once-proud people of America have become obedient residents who live in barren, brutal Compounds and serve the autocratic, merciless Authorities. Citizens mainly keep their heads down and their mouths shut—but Emmeline is different. When the Authorities took her mother away, she started questioning the world around her. What happened to her mom? Why is everyone confined to grim living spaces and made to eat the same food cubes every day? Why was her own baby taken from her to be raised in the Children’s Village? And are those who got away during the Relocations—the so-called shadow people—merely a rumor? When Emmeline’s questions lead to the realization that she will never see her child again, she decides to escape the Compound. Fleeing the armed enforcers of the Earth Protection Agency, and facing the unknown for the first time in their lives, Emmeline and her partner David run into the shadows in the desperate hope of finding something they’d only heard stories about from those who’d lived before the Relocations: freedom.

In this pulse-pounding sequel to The 100, secrets are revealed, beliefs are challenged, and relationships are tested. And the hundred will struggle to survive the only way they can--together.

"If We Are Striking for Pennsylvania", Volume 1: June 3-21, 1863 Scott L. Mingus, Eric J. Wittenberg, 2022-08-26 Scott L. Mingus Sr. and Eric J. Wittenberg, the authors of more than forty Civil War books, have once again teamed up to present a history of the opening moves of the Gettysburg Campaign in the two-volume study "If We Are Striking for Pennsylvania": The Army of Northern Virginia and the Army of the Potomac March to Gettysburg. This compelling study is one of the first to integrate the military, media, political, social, economic, and civilian perspectives with rank-and-file accounts from the soldiers of both armies as they inexorably march toward their destiny at Gettysburg. This first installment covers June 3-21, 1863, while the second, spanning June 22-30, completes the march and carries the armies to the eve of the fighting. Gen. Robert E. Lee began moving part of his Army of Northern Virginia from the Old Dominion toward Pennsylvania on June 3, 1863. Lee believed his army needed to win a major victory on Northern soil if the South was to have a chance at winning the war. Transferring the fighting out of war-torn Virginia would allow the state time to heal while he supplied his army from untapped farms and stores in Maryland and the Keystone State. Lee had also convinced Pres. Jefferson Davis that his offensive would interfere with the Union effort to take Vicksburg in Mississippi. The bold movement would trigger extensive cavalry fighting and a major battle at Winchester before culminating in the bloody three-day battle at Gettysburg. As the Virginia army moved north, the Army of the Potomac responded by protecting the vital roads to Washington, D.C., in case Lee turned to threaten the capital. Opposing presidents Abraham Lincoln and Jefferson Davis, meanwhile, kept a close watch on the latest and often conflicting military intelligence gathered in the field. Throughout northern Virginia, central Maryland, and south-central Pennsylvania, meanwhile, civilians and soldiers alike struggled with the reality of a mobile campaign and the massive logistical needs of the armies. Thousands left written accounts of the passage of the long martial columns.

Mingus and Wittenberg mined hundreds of primary accounts, newspapers, and other sources to produce this powerful and gripping account. As readers will quickly learn, much of it is glossed over in other studies of the campaign, which cannot be fully understood without a firm appreciation of what the armies (and civilians) did on their way to the small crossroads town in Pennsylvania.

Boy21 Matthew Quick, 2014-06-06 Finley, an unnaturally quiet boy who is the only white player on his high school's varsity basketball team, lives in a dismal Pennsylvania town that is ruled by the Irish mob, and when his coach asks him to mentor a troubled African American student who has transferred there from an elite private school in California, he finds that they have a lot in common in spite of their apparent differences.
